SIMULATED DIVIDED LIGHTS

A PRACTICAL, ELEGANT TAKE ON TRADITION

Enjoy the charm of a true divided light appearance with the energy efficiency of a single pane. A mill finish internal grille and backing strips combine to deliver the look of real wood muntins—without the maintenance.

TRADITIONAL SDL CONSTRUCTION

Traditional SDL bars are injection-molded directly into our Evolve® Frame, eliminating the need for separate grille application. This integrated design provides a cleaner, more precise fit to the glass surface. Evolve frames are available in white or oak FiberMate® material.

SPECIFICATIONS

- Low-E Clear, and Low-E Textured Glass Options (see left)
- Traditional 1-1/8" External Grille (SDL)
- 7/8" Internal Grille
- Frame Options in Oak or White
