The Leader in Door & Window Components

Smart Shield™ WPC Exterior Door Frames and Mouldings

FEATURES AND BENEFITS:

Maintenance Free

Smart Shield™ Wood plastic composite (WPC) frames and mouldings are manufactured using durable and stable fibers that prevent moisture buildup and rotting.

Excellent Workability

Made from wood fiber, Smart Shield™ WPC behaves like real wood when manipulated. This state of the art material can be manipulated with regular tools, and can also accept stain, paint, adhesive and fasteners similar to wood frames and mouldings.

Beautiful and Free of Defects

The manufacturing process provides the Smart Shield™ WPC products to be free of joints, knots or any other imperfections. Smart Shield™ WPC has the look of traditional wood products but with long-term exterior durability.

Environmentally Friendly

Smart Shield™ WPC is made of byproduct wood fibers and PVC, leading to a 100% recyclable end product.

Cost Effective

Smart Shield™ WPC is an affordable alternative to traditional exterior wood frames and mouldings. Over time, its weather-proof properties save you the time and money related to maintenance.

F.A.Q. – FREQUENTLY ASKED QUESTIONS

How is Smart Shield™ WPC made?

Smart Shield™ WPC is manufactured with byproduct wood fibers and PVC. The mixture is extruded through a dye to form profiles.

Is Smart Shield™ WPC affected by the weather?

The properties of PVC repel insects, protect wood fibers from contracting and expanding during climate changes, and prevent absorption of moisture, making the frames and mouldings weather proof. The result is a durable high quality product.

How do I install Smart Shield™ WPC frames and mouldings?

Smart Shield™ WPC products can be installed like traditional wood frames and mouldings, using standard tools and fasteners.

Can I paint or stain Smart Shield™ WPC frames and mouldings?

Smart Shield™ WPC frames and mouldings can be painted with latex and oil-based paints or be stained or varnished. For finishing tips, please follow paint manufacturer's instructions. Drying time varies.
