Protective Packaging Solutions

Aribell **Friction Door Plug**

These Friction Plugs secure the door slab in the frame through a friction fit, and the retainer ring insures the plug can't slip out during shipping.

- One step installation
- Works with interior & exterior doors
- Strike bore through the side jamb and fits a $\frac{3}{4}$ " X 1" rectangle borehole
- Secure friction fit – vibration proof

Part #: ABTR-FDP
(packaged 1,000 pcs/box)
